

Eastern Camp 2024
July 21-27

Dear Campers,

The IT team is ready for camp to open registration. We would like to announce that camp will be open for everyone to register tomorrow, Tuesday May 21st. Please make the proper announcements in your local congregations and spread the word about the opening date. We know there will be many questions so please respond to support@easterncamp.org with any of those questions or concerns.

Please note when selecting a volunteer position (mandatory 2hrs for members, and 1hr for non-members 20+) please commit to the position you are signing up for. Too many times in years past, some have filled the volunteer position to just register. Eastern Camp operates by volunteers and all positions are vital and essential for camp to run smoothly. We also have eliminated the half linen option and simplified the linen rental to "yes" or "no". Teens (unless staying with parents) will select dorm style accommodations.

The new registration platform has made registering you and/or your family easier than in previous years, however, it is very important that during the registration process that you go slowly and read ALL of the instructions. Quickly skimming through the details and not following the proper steps, may result in registration challenges. We are looking forward to seeing you all at Eastern Camp!

Once registration opens, the link to the new registration platform will be available on our website: easterncamp.org.

In Christ,
EC Advisors
